

MESSAGE FROM **REGENT DUVAL** AT SEPT. 15, 2022 ACADEMIC AFFAIRS AND EDUCATIONAL ATTAINMENT MEETING

The board's general education initiative will assure all our students are grounded in American institutions, democratic values, free speech and American diversity. As this iterative process of four years moves to stage three the Board is seeking improved clarity and better alignment with the values and objectives of the general education policy. To this end, the board will work collaboratively with NAU's leadership and faculty - as with the two sister universities – to ensure their general education frameworks and corresponding array of courses meet Board's expectations.
